

QUALITY POLICY

We at Welspun Corp Limited, India aim to maintain our leadership position by embedding the highest standards of Quality in each segment of Welded Steel Pipes (SAWL, SAWH & HFW); Hot Pulled Induction Bends; and Application of Anticorrosion Coating on Pipes & Bends, by using process & risk based approach.

We are committed to:

- Deliver quality of products & services complying with the requirements of applicable National & International Standards / Specifications;
- Continually improve the effectiveness of Quality Management System;
- Understand and consistently satisfy the needs & expectations of our Customers including applicable statutory and regulatory requirements;
- Have transparency to our Customers and their representatives towards our Quality Systems, Processes and Practices;
- Perform things right the first time, every time;
- Promote the use of the process and risk based approach;
- Up-grade the Technology used in Manufacturing, Inspection & Testing facilities through Innovation;
- Ensure that all levels of our management team are held accountable for preventing problems, constantly seeking opportunities for continual improvement, and effectively implementing this policy;
- Ensure that the integrity of Quality Management System is maintained when changes to the Quality management system are planned & implemented;
- Ensure the integration of the Quality Management System requirements into the Organization's business process;
- Ensure that the resources needed for the Quality Management System are available;
- Provide trainings for development of our employees.

This Policy shall be:

- the basis for development of Quality Objectives;
- communicated to all the employees of Welspun Corp Limited; and
- made available to relevant interested parties.

Date: 15 November 2018
