SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED MARCH 31, 2020

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Welspun Tradings Limited

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Welspun Tradings Limited (hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2020 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed, and other records maintained by the Company for the financial year ended on March 31, 2020 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder, as may be applicable;
- (ii) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Overseas Direct Investment. There is no Foreign Direct Investment and External Commercial Borrowing in the Company; and
- (iii) As confirmed by the management, there are no other laws specifically applicable in relation to the business of the Company.

We have also examined the compliance with the applicable clauses of the following:

- i. Secretarial Standards issued by The Institute of Company Secretaries of India,
- ii. The Company is an unlisted Company and therefore compliance with listing agreement is not applicable.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, etc. mentioned above, to the extent applicable. We have observed that while filing eForm AOC-4-XBRL (SRN: H87887246), containing audited financial statements, for the financial year ended on March 31, 2019, the Company has missed to attach accounts of its subsidiary/subsidiaries incorporated outside India, as per the fourth proviso to Section 137(1) of the Companies Act, 2013, and therefore the Company has made an application to the office of the Registrar of Companies, Gujarat, to mark the said Form as defective and allow the re-filing of the eForm with requisite attachments. The Application is pending as on the date of this report.

Other statutes, Acts, laws, Rules, Regulations, Guidelines and Standards etc., as applicable to the Company are given below:

- (i) Labour Laws and other incidental laws related to labour and employees appointed by the Company either on its payroll or on contractual basis as related to wages, gratuity, provident fund, ESIC, compensation etc.;

- (ii) Acts as prescribed under Direct Tax and Indirect Tax;
- (iii) Land Revenue laws of Maharashtra and Gujarat State;
- (iv) Labour Welfare Act of Maharashtra State; and
- (v) Local laws as applicable to the offices of the Company.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice was given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

During the period under review, decisions were carried through unanimously and no dissenting views were observed, while reviewing the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the Company has undertaken following significant & material corporate events/actions having a bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.:

- i. The Board of Directors at their Board meeting held on May 13, 2019 approved grant of Corporate Guarantee (joint with M/s. Welspun Corp Limited, Holding Company of the Company) of Rs. 50 Crore to M/s. Laptev Finance Private Limited; and
- ii. The Members at their Annual General Meeting held on August 12, 2019, inter-alia, passed the following Special resolutions:
 - a) Appointment/confirmation of Mr. Desh Raj Dogra, (DIN:00226775), as an Independent Director of the Company for five consecutive years commencing from December 20, 2018 to December 19, 2023; and
 - b) Appointment/confirmation of Mr. Percy Birdy (DIN: 07634795) as the Whole-time Director of the Company for a period of 5 years from May 13, 2019 to May 12, 2024.

Price Waterhouse Chartered Accountants LLP

Independent auditors' report

To the Members of Welspun Tradings Limited

Report on the audit of the financial statements

Opinion

1. We have audited the accompanying financial statements of Welspun Tradings Limited (the "Company"), which comprise the balance sheet as at March 31, 2020, the statement of profit and loss (including other comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

4. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' report including Annexures thereto, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

5. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
6. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' responsibilities for the audit of the financial statements

7. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
8. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
9. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
10. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

11. As required by the Companies (Auditor's Report) Order, 2016 (the "Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
12. As required by Section 143(3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

Report on the internal financial controls with reference to financial statements under clause (i) of sub-section 3 of section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of Welspun Tradings Limited (the "Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's responsibility for internal financial controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of internal financial controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitations of internal financial controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Welspun Tradings Limited
Notes annexed to and forming part of the balance sheet as at March 31, 2020
and the statement of profit and loss for the year ended March 31, 2020

Background

Welspun Tradings Limited (the "Company") is a Company limited by shares incorporated on May 09, 2001 and domiciled in India under the Companies Act, 2013. Its registered office and principal place of business is located at Welspun City, Village Versamedi, Taluka Anjar, Anjar, Gujarat, GJ 370110, India. The Company is a wholly owned subsidiary of Welspun Corp Limited and is engaged in the business of trading and marketing of steel pipes and coils.

These financial statements are presented in rupees and are authorised for issue by the directors on June 12, 2020.

New and amended standards adopted by the Company

The Company has applied the following standards and its amendments for the first time for annual reporting period commencing April 1, 2019.

(i) Ind AS 116 Leases:

The Company had to change its accounting policies following the adoption of Ind AS 116. This is disclosed in Note 1.8 and Note 41(b).

(ii) Other Amendments

a) Appendix C to Ind AS 12, Income Taxes (Uncertainty over Income Tax Treatments):

The Appendix explains how to recognise and measure deferred and current income tax assets and liabilities where there is uncertainty over a tax treatment. In particular, it discusses:

- how to determine the appropriate unit of account, and that each uncertain tax treatment should be considered separately or together as a group, depending on which approach better predicts the resolution of the uncertainty
- that the entity should assume a tax authority will examine the uncertain tax treatments and have full knowledge of all related information, i.e. that detection risk should be ignored
- that the entity should reflect the effect of the uncertainty in its income tax accounting when it is not probable that the tax authorities will accept the treatment
- that the impact of the uncertainty should be measured using either the most likely amount or the expected value method, depending on which method better predicts the resolution of the uncertainty, and
- that the judgements and estimates made must be reassessed whenever circumstances have changed or there is new information that affects the judgements.

While there are no new disclosure requirements, entities are reminded of the general requirements to provide information about judgements and estimates made in preparing the financial statements.

b) Prepayment features with Negative Compensation – Amendments to Ind AS 109:

The amendment made to Ind AS 109, Financial Instruments enable entities to measure certain prepayable financial assets with negative compensation at amortised cost. These assets, which include some loan and debt securities, would otherwise have to be measured at fair value through profit and loss.

To qualify for amortised cost measurement, the negative compensation must be 'reasonable compensation for early termination of the contract' and the asset must be held within a 'held to collect' business model.

Welspun Tradings Limited

**Notes annexed to and forming part of the balance sheet as at March 31, 2020
and the statement of profit and loss for the year ended March 31, 2020**

c) Long-term Interests in Associates and Joint Ventures – Amendments to Ind AS 28:

The amendments clarify the accounting for long-term interests in an associate or joint venture, which in substance form part of the net investment in the associate or joint venture, but to which equity accounting is not applied. Entities must account for such interests under Ind AS 109 before applying the loss allocation and impairment requirements in Ind AS 28, Investments in Associates and Joint Ventures.

d) Plan Amendment, Curtailment or Settlement – Amendments to Ind AS 19:

The amendments to Ind AS 19, Employee Benefits clarify the accounting for defined benefit plan amendments, curtailments and settlements. They confirm that entities must:

- calculate the current service cost and net interest for the remainder of the reporting period after a plan amendment, curtailment or settlement by using the updated assumptions from the date of the change
- recognise any reduction in a surplus immediately in profit or loss, either as part of past service cost or as a gain or loss on settlement. In other words, a reduction in a surplus must be recognised in profit or loss even if that surplus was not previously recognized because of the impact of the asset ceiling
- separately recognise any changes in the asset ceiling through other comprehensive income.

e) Ind AS 103, Business Combinations:

Clarified that obtaining control of business that is joint operation is a business combination achieved in stages.

f) Ind AS 111, Joint Arrangements:

Clarified that the party obtaining joint control of a business that is a joint operation should not remeasure its previously held interest in the joint operation.

g) Ind AS 12, Income Taxes:

Clarified that the income tax consequences of dividends on financial instruments classified as equity should be recognised according to where the past transactions or events that generated distributable profits were recognized.

h) Ind AS 23, Borrowing Costs:

Clarified that, if a specific borrowing remains outstanding after the qualifying asset is ready for its intended use or sale, it becomes part of general borrowings.

The Other amendments listed above did not have any impact on the amounts recognized in the prior periods and are not expected to significantly affect the current and future periods.

The Financial Statements have been presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded off to the nearest two decimals of Millions unless otherwise stated.

Welspun Tradings Limited**Notes annexed to and forming part of the balance sheet as at March 31, 2020
and the statement of profit and loss for the year ended March 31, 2020****Note 1: Significant accounting policies**

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation**(i) Compliance with Ind AS**

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

(ii) Historical cost convention

The financial statements have been prepared on an accrual and going concern basis. The financial statements have been prepared on a historical cost basis, except for the following items:

Items	Measurement Basis
Certain financial assets and liabilities (including derivatives instruments)	Fair Value
Share based payment arrangements	Fair Value
Net defined benefit (asset)/ liability	Fair Value of plan assets less present value of defined benefit obligations

(b) Segment reporting

The whole time director of the Company assesses the financial performance and position of the Company, and makes strategic decisions. The chief operating decision maker is the whole time director of the Company. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (Refer Note 34)

(c) Foreign currency translation**(i) Functional and presentation currency**

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates (the 'functional currency'). The financial statements are presented in Indian rupee, which is the functional and presentation currency of the Company.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. Foreign exchange differences regarded as on adjustments to borrowing costs are presented in the settlement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income/ other expenses as applicable.

Welspun Tradings Limited**Notes annexed to and forming part of the balance sheet as at March 31, 2020
and the statement of profit and loss for the year ended March 31, 2020**

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

The Company has elected to apply the exemption in respect of accounting policy followed for long term foreign currency monetary items. Accordingly, long term foreign currency monetary items in the books till the period ended March 31, 2016 have been accounted for as per the policy adopted under previous GAAP as given below:

Foreign exchange differences on account of depreciable assets are adjusted in the cost of depreciable assets and depreciated over the balance life of the assets.

(d) Revenue recognition**(i) Sales of products**

The Company sells a range of pipes to its customers.

The Company recognizes revenue when it satisfies a performance obligation in accordance with the provisions of contract with the customer. This is achieved when control of the product has been transferred to the customer, which is generally determined when title, ownership, risk of obsolescence and loss pass to the customer and the Company has the present right to payment, all of which occurs at a point in time upon shipment or delivery of the product. The Company considers freight expenses as costs to fulfil the promise to transfer the related products and the customer payments for freight income are recorded as a component of revenue.

In certain customer contracts, freight charges are treated as a distinct separate performance obligation and the Company recognises revenue for such services when the performance obligation is completed. Delivery occurs when the products have been shipped or delivered in accordance with the agreed delivery terms with the customer.

The Company considers the terms of the contract in determining the transaction price. The transaction price is based upon the amount the Company expects to be entitled to in exchange for transferring of promised goods and services to the customer after deducting liquidated damages, included but not limited to, discounts, volume rebates etc.

A receivable is recognised when the goods are delivered as per the agreed delivery terms with the customer as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

Liquidated damages are damages that a customer deducts from the transaction price if the company fails to deliver the goods at a pre decided time as per delivery schedule. Liquidated damages are estimated based on enforcement of specific performance of contracts. In making these estimates, the Company considers predictive value of the amount that the Company expects to be liable for the transferred goods and services.

Revenue from sale of products are inclusive of excise duty and net of returns, trade allowances, rebates, value added tax, goods and service tax (GST) and amounts collected on behalf of third parties.

(ii) Sales of services

The Company also provides freight services to its customers. Revenue from providing freight services is recognised in the accounting period in which the services are rendered. The related freight costs incurred are included in freight expenses when the Company is acting as principal in the freight arrangement.

Welspun Tradings Limited**Notes annexed to and forming part of the balance sheet as at March 31, 2020
and the statement of profit and loss for the year ended March 31, 2020**

Freight services may be considered a separate performance obligation if control of the goods transfers to the customer before goods reach to the agreed place of shipment, but the entity has promised to ship the goods (or arrange for the goods to be shipped). In contrast, if control of a good does not transfer to the customer before goods reach to the agreed place of shipment, freight service is not a promised service to the customer. This is because freight service is a fulfillment activity as the costs are incurred as part of transferring the goods to the customer.

The Company does not have any contracts where in the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

(iii) Contract assets and Contract Liabilities

When the Company performs a service or transfers a good in advance of receiving consideration, it recognises a contract asset or receivable. A contract asset is a Company's right to consideration in exchange for goods or services that the Company has transferred to a customer. If the Company transfers control of goods or services to a customer before the customer pays consideration, the Company records either a contract asset or a receivable depending on the nature of the Company's right to consideration for its performance. A contract asset will be classified as a receivable when the Company's right to consideration is unconditional (that is, when payment is due only on the passage of time). The Company shall assess a contract asset for impairment in accordance with Ind AS 109. An impairment of a contract asset shall be measured, presented and disclosed on the same basis as a financial asset that is within the scope of Ind AS 109. The Company discloses contract assets under Other Assets. The Company recognises a contract liability if the customer's payment of consideration precedes the Company's performance. A contract liability is recognised if the Company receives consideration (or if it has the unconditional right to receive consideration) in advance of performance. The Company discloses contract liabilities under Other Liabilities.

(e) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities. Deferred income tax is determined using tax rates (and laws) that have been enacted

or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(f) Leases

As a lessee:

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

With effect from April 1, 2019:

As a Lessee:

The Company leases various buildings. Rental contracts are typically made for fixed periods of one to three years but may have extension options as described in Note no 4. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants, but leased assets may not be used as security for borrowing purposes. Based on the notification released by MCA, Ind AS 116 has been made applicable w.e.f 1 April 2019. From 1 April 2019, lease are recognized as a right-of-use assets and a corresponding liability at the date at which the leased assets is available for the use by the Company.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- amounts expected to be payable by the Company under residual value guarantees
- the exercise price of a purchase option if the lessee is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

Lease payment to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, the lessee's incremental borrowing rate is used, being the rate that the lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Welspun Tradings Limited
Notes annexed to and forming part of the balance sheet as at March 31, 2020
and the statement of profit and loss for the year ended March 31, 2020

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

(g) Impairment of assets

All assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(h) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet, if any.

(i) Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognised initially at amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Company holds the trade receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowances.

(j) Inventories

Traded goods are stated at the lower of cost and net realisable value. Cost of traded goods comprises cost of purchases. Cost of inventories also includes all other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

and the statement of profit and loss for the year ended March 31, 2020

(k) Investments and other financial assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at (either through comprehensive income, or through profit or loss); and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.

For investments in debt instruments, this will depend on the business model in which the investment is held.

For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other income/ other expenses as applicable. Interest income from these financial assets is included in other income using the effective interest rate method.

Welspun Tradings Limited

Notes annexed to and forming part of the balance sheet as at March 31, 2020 and the statement of profit and loss for the year ended March 31, 2020

- **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other income/ other expenses as applicable in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other income in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 32 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iv) Derecognition of financial assets

A financial asset is derecognised only when

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Welspun Tradings Limited**Notes annexed to and forming part of the balance sheet as at March 31, 2020
and the statement of profit and loss for the year ended March 31, 2020**

(v) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Dividend income

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

(I) Derivatives and hedging activities

In order to hedge its exposure to foreign exchange, the Company enters into forward contract financial instruments. The Company does not hold derivative financial instruments for speculative purposes. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently marked to market to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged and the type of hedge relationship designated. The Company designates their derivatives as hedges of foreign exchange risk associated with the cash flows of highly probable forecast transactions (cash flow hedges).

The Company documents at the inception of the hedging transaction the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset changes in cash flows of hedged items. The Company documents its risk management objective and strategy for undertaking various hedge transactions at the inception of each hedge relationship.

(i) Cash flow hedges that qualify for hedge accounting

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in the other comprehensive income in cash flow hedging reserve within equity, limited to the cumulative change in fair value of the hedged item on a present value basis from the inception of the hedge. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss, within other income/ other expenses (as applicable).

When forward contracts are used to hedge forecast transactions, the Company generally designates the full change in fair value of the forward contract (including forward points) as the hedging instrument. In such cases, the gains and losses relating to the effective portion of the change in fair value of the entire forward contract are recognised in the cash flow hedging reserve within equity.

Amounts accumulated in equity are reclassified to profit or loss in the periods when the hedged item affects profit or loss (for example, when the forecast sale that is hedged takes place).

When the hedged forecast transaction results in the recognition of a non-financial asset the amounts accumulated in equity are transferred to profit or loss as follows. With respect to gain or loss relating to the effective portion of the change in fair value of forward contracts, the deferred hedging gains and losses are included within the initial cost of the asset. The deferred amounts are ultimately recognised in profit or loss as the hedged item affects profit or loss.

Welspun Tradings Limited**Notes annexed to and forming part of the balance sheet as at March 31, 2020
and the statement of profit and loss for the year ended March 31, 2020**

Where the hedged item subsequently results in the recognition of a non-financial asset (such as inventory), both the deferred hedging gains and losses and the deferred time value of the deferred forward contracts, if any are included within the initial cost of the asset. The deferred amounts are ultimately recognised in profit or loss as the hedged item affects profit or loss (for example through cost of materials consumed).

When a hedging instrument expires, or is sold or terminated, or when a hedge no longer meets the criteria for hedge accounting, any cumulative deferred gain or loss in equity at that time remains in equity until the forecast transaction occurs. When the forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in equity is immediately reclassified to profit or loss within other income/ other expense (as applicable).

(ii) Derivatives that are not designated as hedges

The Company enters into derivative contracts to hedge risks which are not designated as hedges. Such contracts are accounted for at fair value through profit or loss.

(m) Property, plant and equipment

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods and estimated useful lives

Depreciation is calculated using straight-line method over the estimated useful life of the assets as given below. These estimated useful lives are in accordance with those prescribed under Schedule II to the Companies Act, 2013 which is as stated below:

Assets	Estimated Useful Life
Computers	3 years
Office and other equipments	3 years
Vehicles	8 years
Furniture and fixtures	10 years

These estimated useful lives are in accordance with those prescribed under Schedule II to the Companies Act, 2013

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income/ other expense (as applicable).

Welspun Tradings Limited
Notes annexed to and forming part of the balance sheet as at March 31, 2020
and the statement of profit and loss for the year ended March 31, 2020

(n) Intangible assets

Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful life. Intangible assets comprise of computer software which is amortised on a straight-line basis over its expected useful life.

Assets	Estimated Useful Life
Computer Software	5 years

This estimated useful lives is in accordance with that prescribed under Schedule II to the Companies Act, 2013

(o) Trade and other payable

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 to 180 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(p) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income.

(q) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

(r) Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

Welspun Tradings Limited

**Notes annexed to and forming part of the balance sheet as at March 31, 2020
and the statement of profit and loss for the year ended March 31, 2020**

(s) Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current provision in the balance sheet.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation.

Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as provisions in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- defined benefit plans such as gratuity; and
- defined contribution plans such as provident fund and employee's pension scheme.
- superannuation funds

Defined Benefit Plans

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuary using the projected unit credit method.

The present value of the defined benefit obligation denominated in rupees million is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Welspun Tradings Limited
Notes annexed to and forming part of the balance sheet as at March 31, 2020
and the statement of profit and loss for the year ended March 31, 2020

Defined contribution plans

(a) Provident fund and employee pension scheme

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

(b) Superannuation fund

The Company contributes on a defined contribution basis to superannuation towards post-employment benefits, which is administered by SBI Life Insurance Corporation (LIC) administered superannuation fund and has no further obligation beyond making its contribution, which is expensed in the year to which it pertains.

(t) Contributed equity

Equity shares are classified as equity.

(u) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(v) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the rupees million as per the requirement of Schedule III (Division II), unless otherwise stated.

The Company intends to adopt these amendments when it becomes effective. There are no other standards or amendments that are not yet effective and that would be expected to have a material impact on the Company in the current or future reporting periods and on foreseeable future transactions.

(w) Recent Accounting Pronouncements

There are no other new updates or standards issued through the date of issuance of these financial statements that have not yet been adopted by the Company.

Note 2: Critical estimates and judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

Actuarial valuation

Employee benefits requires that certain assumptions are made in order to determine the amount to be recorded for retirement benefit obligations and plan assets, in particular for defined benefit plans. These are mainly actuarial assumptions such as expected long- term increase in salary costs and discount rates. Substantial changes in the assumed development of any one of these variables may significantly change the Company's retirement benefit obligation and pension assets (Refer Note 26)

(i) Post-employment obligations - Gratuity

The Company has a defined benefit gratuity plan in India, governed by the Payment of Gratuity Act, 1972. The plan entitles an employee, who has rendered at least five years of continuous service, to gratuity at the rate of fifteen day wages for every completed year of service or part thereof in excess of six months, based on the rate of wages last drawn by the employee concerned. The gratuity plan is a funded plan and the Company makes contributions to recognised funds in India. This defined benefit plans exposes the Company to actuarial risks, such as interest rate risk and market (investment) risk.

(ii) Balance sheet amounts - Gratuity

The amounts recognised in the balance sheet and the movements in the net defined benefit obligations over the year are as follows:

	Present value of obligation	Fair value of plan assets	Net amount

Note 18: Provisions (Contd...)

(iv) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Assumptions	Impact on defined benefit obligation							
	Change in assumption (%)		Increase in assumption (Rs.)				Decrease in assumption (Rs.)	
	March 31, 2020	March 31, 2019		March 31, 2020	March 31, 2019		March 31, 2020	March 31, 2019
Discount rate	0.50%	0.50%	Decrease by	0.10	0.62	Increase by	0.11	0.57
Salary growth rate	0.50%	0.50%	Increase by	0.11	0.63	Decrease by	0.10	0.58

(v) Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which is asset volatility. The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. The plan assets are invested by the company in Kotak Group Gratuity Fund managed by Kotak Life Insurance. The plan assets have been providing consistent and competitive returns over the years. The Company intends to maintain this investment in the continuing years.

(vi) Defined benefit liability and employer contributions

Expected contribution to post-employment benefit plans for the year ended March 31, 2021 is Rs. 0.37 (March 31, 2020: Rs. 1.32).

The weighted average duration of the defined benefit obligation is 5 years (March 31, 2019 - 5 years). The expected maturity analysis of undiscounted gratuity benefits is as follows:

Particulars	Less than a year	Between 1-2 years	Between 2-5 years	Total
March 31, 2020	0.10	0.12	0.48	0.70
March 31, 2019	0.20	0.21	0.78	1.19

(vii) Leave obligations

The leave obligations cover the Company's liability for earned leave.

(viii) Movement in provision for litigation

Movements in each class of provisions during the financial year ended March 31, 2020 are set out below:

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Note 31: Fair Value Measurements (Contd...)

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below.

Level 1: This hierarchy includes financial instruments measured using quoted prices. The Company does not have any investment under this category.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. The Company has derivatives which are designated as hedge, where in the price is determined using Foreign Exchange Dealers' Association of India (FEDAI) inputs and investments in mutual funds for which all significant inputs required to fair value an instrument are observable and hence, the same falls under level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments under level 2 include:

- the use of Net Assets Value ('NAV') for valuation of mutual fund investment. NAV represents the price at which the issuer will issue further units and will redeem such units of mutual fund to and from the investors.
- the fair value of forward foreign exchange contracts is determined using forward exchange rates prevailing with Authorised Dealers dealing in foreign exchange.

(iii) Fair value of financial assets measured at amortised cost

	March 31, 2020		March 31, 2019	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Financial assets				
Loans to employees	0.10	0.10	0.16	0.16
Security deposits	0.09	0.09	0.09	0.09
Other financial assets				
Term deposits with maturity more than 12 months	0.71	0.71	-	-
Others	10.44	10.44	2.44	2.44
Total financial assets	11.34	11.34	2.69	2.69

The carrying amounts of trade receivables, cash and cash equivalents, bank balances other than cash and cash equivalents, trade payables and other financial liabilities are considered to be the same as their fair values, due to their short-term nature.

The fair values and carrying values of loans, security deposits and term deposits with maturity more than 12 months (other than those covered in above note) are materially the same.

(iv) Classification of interest income by instrument category

	Year ended March 31, 2020	Year ended March 31, 2019
Interest income at amortised cost:		
Fixed deposits	1.33	0.96
Other interest income		
Interest on VAT refund	-	24.07

Note 32: Financial risk management

The Company's principal financial liabilities represents only trade payables and financial assets represents investments, loans, cash and cash equivalents and deposits with banks. The Company's activities exposes it to credit risk, liquidity risk, interest risk and investment risk.

In order to minimise any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts are entered to minimise certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not for trading or speculative instruments.

(A) Credit risk

Credit risk is the risk that counterparty will not meet its obligation under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with bank, foreign exchange transactions and other financial instruments.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition.

Trade receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers. Credit risk has been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. Past exposure suggest a low/ minimum credit risk or allowances of debtors. Exposures of trade receivable (net of allowance) broken into ageing bucket is given below:

	0-180 Days	More than 180 Days	Total
March 31, 2020	-	-	-
March 31, 2019	1,298.76	-	1,298.76

Reconciliation of allowance for doubtful debts on trade receivables

	As at March 31, 2020	As at March 31, 2019
Opening balance	0.04	0.16
Changes in allowance for doubtful debts	-	(0.12)
Closing balance	0.04	0.04

(B) Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

(i) Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

- (a) all non-derivative financial liabilities
- (b) net settled derivative financial instruments for which the contractual maturities are essential for an understanding of the timing of cash flows.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(C) Market risk

(i) Foreign currency risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to the risk of changes in foreign exchange rates relates to the Company's investing activities in exports, imports and loan. Exchange rate exposures are managed within approved policy parameters utilising forward foreign exchange contracts.

The Company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments, highly probable forecast transactions and foreign currency required at the settlement date of certain receivables/payables. The use of foreign currency forward contracts is governed by the Company's strategy approved by the board of directors, which provide principles on the use of such forward contracts consistent with the Company's risk management policy and procedures.

(a) Foreign currency risk exposure

The Company's exposure to foreign currency risk at the end of the reporting period expressed in equivalent in INR Rupees is as follows:

	As at March 31, 2020			As at March 31, 2019		
	USD	EUR	CAD	USD	EUR	CAD
Financial assets						
Trade receivables	-	-	-	1,070.22	-	47.63

Note 32: Financial risk management (Contd...)

(ii) Interest rate risk

The Company did not have any exposure to interest rate changes at the end of the reporting period March 31, 2020 and March 31, 2019 respectively.

(iii) Investment risk

(a) Exposure

The Company is mainly exposed to the price risk due to its investment in mutual funds. The price risk arises due to uncertainties about the future market values of these investments.

In order to manage its price risk arising from investments in mutual funds, the Company diversifies its portfolio in accordance with the limits set by the risk management policies.

(b) Sensitivity

The table below summarises the impact of increases/decreases of 0.25% increase in price of mutual fund.

	Impact on profit before tax

The Company uses forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments, highly probable forecast transactions and foreign currency required at the settlement date of certain receivables/payables. The use of forward contracts is governed by the Company's strategy approved by the board of directors, which provide principles on the use of such forward contracts consistent with the Company's risk management policy.

The Company's hedging policy only allows for effective hedge relationships to be established. Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationship exists between the hedged item and hedging instrument. The Company enters into hedge relationships where the critical terms of the hedging instrument match exactly with the terms of the hedged item, and so a qualitative assessment of effectiveness is performed. If changes in circumstances affect the terms of the hedged item such that the critical terms no longer match exactly with the critical terms of the hedging instrument, the Company uses the hypothetical derivative method to assess effectiveness. Ineffectiveness is recognised on a cash flow hedge where the cumulative change in the designated component value of the hedging instrument exceeds on an absolute basis the change in value of the hedged item attributable to the hedged risk. In hedges of foreign currency forecast sale transactions this may arise if:

- (i) The critical terms of the hedging instrument and the hedged item differ (i.e. nominal amounts, timing of the forecast transaction), or
- (ii) Differences arise between the credit risk inherent within the hedged item and the hedging instrument. There were no ineffectiveness recognised in the statement of profit and loss during the year ended March 31, 2020 and March 31, 2019.

Note 41: Changes in accounting policies

(a) This note explains the impact of the adoption of Ind AS 115 'Revenue from Contracts with Customers' on the Company's financial statements. Effective April 1, 2018, the company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method which is applied to contracts that were not completed as of April 1, 2018. Accordingly, the comparatives has not been retrospectively adjusted. The adoption of Ind AS 115 did not have any material impact on the financial performance of the Company in year ended March 31, 2019. As a result of the changes in the entity's accounting policies, comparative information for prior period had neither been restated nor remeasured.

(b) This note explains the impact of the adoption of Ind AS 116, Leases on the company's financial statement

As indicated in note 2(f), the Company has adopted Ind AS 116 retrospectively from April 01, 2019, using the modified approach at transition. Accordingly the Company has not restated comparatives for the year ended March 31, 2019, as permitted under the specific transition provisions in the standard. The reclassifications and the adjustments arising from the new leasing rules are therefore recognised in the opening balance sheet on April 01, 2019.

On adoption of Ind AS 116, the Company recognised lease liabilities in relation to leases which had previously been classified as 'operating leases' under the principles of Ind AS 17 Leases after applying practical expedients for short-term leases and low value assets as detailed in (i) below. These liabilities were measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate as of April 01, 2019. The Weighted average lessee's incremental borrowing rate applied to the lease liabilities on April 01, 2019 was 9.5%.

(i) Practical expedients applied

In applying Ind AS 116 for the first time, the Company has used the following practical expedients permitted by the standard, as applicable

- Applying a single discount rate to a portfolio of leases with reasonably similar characteristic
- relying on previous assessments on whether leases are onerous as an alternative to performing an impairment review-there were no onerous contracts as at April 01, 2019
- accounting for operating leases with a remaining lease term of less than 12 months as at April 01, 2019 as short-term leases
- excluding initial direct costs for the measurement of the right-of-use asset at the date of initial application, and
- using hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

Note 41: Changes in accounting policies (Contd...)

(ii) Measurement of lease liabilities

	Amount
Operating lease commitments disclosed as at March 31, 2019	-
Discounted using the lessee's incremental borrowing rate at the date of initial application	-
Add: Contracts reassessed as lease contracts	10.44
Lease liability recognised as at April 01, 2019	10.44

of which are:

Current lease liabilities	3.17
Non-current lease liabilities	7.27

(iii) Measurement of right-of-use assets

Right-of use assets were measured at the amount equal to the lease liability, adjusted by the amount of any previously recognised prepaid or accrued lease payments relating to that lease recognised in the balance sheet as at March 31, 2019. There were no onerous lease contracts that would have required an adjustment to the right-of-use assets at the date of initial application.

(iv) Adjustments recognised in the balance sheet on April 01, 2019.

The change in accounting policy affected the following items in the balance sheet on April 01, 2019:

Particulars	Amount
Right-of-use assets – increased by	10.44
Current lease liabilities – increased by	3.17
Non-current lease liabilities – increased by	7.27

There was no impact on retained earnings on April 01, 2019 as the Company has applied modified approach

Note 42: The operations of the Company were impacted, due to shutdown of all offices following lockdown imposed by the government authorities to contain spread of COVID-19 pandemic. The Company has resumed operations in a phased manner as per the directives from the respective government authorities. The Company has made detailed assessments of the recoverability and carrying values of its assets comprising property, plant and equipment, other receivables and other current assets as at the balance sheet date and on the basis of evaluation, has concluded that no significant impact on its financial statement as at March 31, 2020. However, the impact assessment of COVID19 will be a continuing process given the uncertainties associated with its nature and duration.

Note 43: The reporting on disclosures relating to Specified Bank Notes is not applicable to the Company for the year ended March 31, 2020 and March 31, 2019.
